Micro 2 Port PS/2 KVM Switch with 2x USB Moulded Leads

Details correct on: 09/12/2014

Notification	
Product Code	KVM-664
Short Description	2 Port PS/2 KVM Switch with 2x USB Moulded Leads
Full Description	The Micro KVM Switches come complete with attached cables allowing users to access two computers using 1x Monitor, 1x PS/2 Keyboard & 1x PS/2 Mouse. The KVM-664 Model allows 2x PC's, MAC's or combination of the two (USB connection) to 1x Monitor, Keyboard and Mouse. These Micro KVM Switches were designed on the principal of 'size matters'. This is one of the smallest KVM Switches available. Two cables (1x 1.8Mtr/6ft and 1x 0.6Mtr/2ft) are supplied moulded to the switch with a uniquely styled strain relief that can be used to attach the Micro KVM Switch to a desktop or wall to protect the Micro KVM from damage or dirt. No interface card or software is needed, Installation is as easy as connecting cables from the CPU Switch to your computers. Operation is as simple as entering hot-key commands from a keyboard. The Micro KVM Switch is independent of computer operating systems. Rextron
